Dear Bedford Landings Guests,
Out of extreme caution and taking the COVID-19 (coronavirus) seriously, we are sharing what we are doing to keep our guests as safe and healthy as possible and to minimize risk.

Bedford Landings B & B already has strict guidelines and protocols to help prevent the spread of disease from the flu and other communicable diseases. In addition, we have implemented the following measures:

-Disinfecting all public areas including handrails and doorknobs;

-As innkeepers, washing our hands more frequently than ever, especially while in the kitchen and when greeting guests;

-Having hand sanitizer readily available for guests.

It is important to be vigilant, while still using common sense.

We will ask that our guests join us in following the CDC guidelines to:

- Wash your hands thoroughly and frequently.
- Avoid touching your face.
- When possible, practice social distance using a fist bump or wave instead of a handshake or hug.
- Sneeze or cough into your sleeve or tissues.
- Remain at home if you are showing signs of illness.

Sincerely,
Karen & Jack
Bedford Landings Owners
